

LEIPA Classic medium CEPI-Code 43

LEIPA Classic medium is part of our comprehensive range of packaging papers suited for the corrugated production. LEIPA Classic medium is a fluting based on 100% recycled waste paper. The ability to form a strong cross directional profiling allows smooth runability for optimum production.

Characteristics

- » Good cross directional profiling
- » Easily formable for perfect fluting

Key Benefits

- » Smooth runability
- » Encourages efficient corrugated production

Typical Applications

- » For perfect fluting to strengthen corrugated makeup
- » Providing rigidity and avoiding crushing
